Frontend Developer and Quality Assurance specialist with experience in building responsive applications using React JS, Vue JS, and Svelte JS. Proficient in UI/UX design with Figma and skilled in managing testing processes, contributing to seamless user experiences.

EDUCATION

INSTITUTE OF TECHNOLOGY PERUSAHAAN LISTRIK NEGARA — Jakarta, ID
Bachelor of Informatics Engineering — Fresh graduate 2024
Cumulative GPA: 3.61/4.0;

EXPERIENCE

KAMPUS MERDEKA - BANK CIMB NIAGA — South Tangerang, ID
Testing Management QA – Intern — Aug 2023 – Dec 2023
- Developed and managed 30+ test scripts daily using Microsoft Excel and Application Lifecycle Management (ALM) software, achieving 100% compliance with testing standards. **(SDLC, UAT, Micro Focus ALM, Blackbox, Gherkin)**
- Executed comprehensive testing processes for mobile and web applications, identifying and reporting 50+ defects to improve application functionality **(Defect Management, Report)**
- Produced detailed testing documentation, contributing to a 9% reduction in bug resolution time through clear communication of test results to development teams. **(Test Planning, Test Cases, Test Scenarios, Test Execution)**

DEDIKASI PEMUDA NEGERI (DPN) — South Sulawesi, ID
Frontend Developer – Intern — April 2023 – June 2023
- Spearheaded development of mobile-friendly web applications, improving site performance and accessibility for 85.
- Collaborated with backend developers and UI/UX designers to deliver a redesigned, WordPress-based website, boosting engagement by 15% post-launch.
- Led weekly sprints to identify and solve UI bugs, enhancing responsiveness and overall site performance.

MEDIA SELARAS — Bogor, ID
IT Support – Volunteer — Mar 2023 – Aug 2023
- Enhanced UI design quality by collaborating across 6 divisions, implementing typography, animations, and interface elements such as buttons and dropdowns using **(Figma, React, Axios, and Tailwind CSS)**
- Delivered 5 coding training sessions over a month to help teams better implement UI designs into source code.
- Developed a scholarship and internship page, generating 150+ weekly visits, by implementing feedback from cross-functional teams.

FUNDEX : PROJECT BASED INTERN : VIRTUAL INTERNSHIP EXPERIENCE
UI/UX - Virtual Internship — Jan 2023 – Feb 2023
- Led the end-to-end redesign of the FundEx website, including user research, wireframes, and usability testing.
- Conducted user journey mapping and prototyping, resulting in a 20% improvement in website usability post-redesign **(Figma, Miro, & Maze)**.
- Utilized tools like Maze for usability testing and Figma for high-fidelity designs, delivering 5+ iterations for stakeholder approval.

BAPAREKRAF DIGITAL TALENT 2023 – FRONTEND DEVELOPER   Jakarta, ID
Frontend Web Learning Path   May 2023 – June 2023
- Built responsive landing pages using Semantic HTML and CSS Flexbox, increasing user interaction by 30% through optimized design principles.
- Designed and implemented clean and accessible codebases, following best practices for frontend development.

ACHIEVEMENT

UI/UX Design Competition Mulawarman Information Tech Week 2022
- Designed a health-themed website and secured 2nd place in the competition.

UI/UX Design Competition PARTI 2022 Universitas Muhamadiyah Surakarta 2022
- Designed an e-business themed wireframe, high-fidelity prototype, and completed a full user journey.

UI/UX Design Competition Politeknik Caltex Riau
- Conducted user research and prototyped designs for Jakarta's tourism, covering 20+ attractions and services.
